LOCAL MATTERS.

LOCAL BRIEFS.

Very little demand yesterday for overcoats.

One of our enterprising merchants has ordered a box of Greeley Fans.

The new postal cards will not be in use for a month or two yet, so say the Post-office authorities.

We understand Mr. Rutges, a member of Seaton Gales Lodge, I. O. O. F., is preparing sheet music for the use of the different Lodges of the order in the city.

We learn that the lumber to be used for street and gutter crossings on Hillsboro street, arrived last night. Now let this long neglected street be repaired at once.

Chas Bryant, Elick Jones and Bob Hutchins, are the sweet scented trio who are trying to see how much work they can get out of a horse without feeding him. They are the Buzzard's commissary department for furnishing dead horses.

WAKE COUNTY DEMOCRATIC-CONSERVATIVE CONVENTION!

An Unusually Large Attendance!

GREAT ENTHUSIASM—NOMINATIONS.

The Convention was called to order at 12 o'clock, by Geo. H. Snow, Chairman of the County Executive Committee, who nominated for the Chairman, J. B. Batchelor, of Raleigh, and John C. Syme, of the *Sentinel*, and E. C. Woodson, of the NEWS, as Secretaries, who were elected unanimously by acclamation.

Mr. Batchelor on taking the chair, delivered a most forcible, effective and patriotic address, strikingly appropriate to the occasion. His allusion to our great standard bearer, Horace Greeley, was received with deafening applause and prolonged cheers.

The roll of townships was called, and every one was found largely represented.

A resolution was offered by Geo. H. Snow, that no one delegate be permitted to speak more than five minutes on one subject.

Resolution adopted allowing each township to cast one vote for the various candidates, the candidates to be nominated in the body of the Convention.

The roll of Townships was calied,and the following nominations were made.

For the Senate—General William R. Cox.

House of Representatives—R. H. Battle, Jr., Green H. Alford, A. G. Jones, and W. H. Pace.

Coroner—J. M. Forest.

Col. Russ offered a series of resolutions complimentary to Hon. Josiah Turner, Jr., which were adopted.

A letter from Dr. W. H. Murdock, regretting his inability to be present on the occasion was read.

A committee was appointed to wait on Gen. Cox, inform him of his unanimous nomination, and to request his attendance before the Convention.

Gen. Cox appeared amidst great applause, and in accepting the nomination addressed the Convention upon the general political issues of the day, acquitting himself as usual.

Adjourned.

THE MASS MEETING AT WELDON.—A dispatch received here yesterday evening says that extensive preparations have been made for the grand Mass Meeting at Weldon to-day. Hoffman, Doolittle, Trumbull, Schurz, Vance and others will be there, and we have no doubt the attendance will be large. The dispatch states that "five oxen had been roasted whole, besides a quantity of sheep, hogs, &c." Pretty good for the barbecue.

REVENUE LAW.—Owing to the complications necessarily arising from the new revenue law in regard to tobacco, for the especial benefit of the large number of our subscribers in the tobacco counties, we have procured from Col. I. J. Young, Collector of Internal Revenue 4th Congressional District of N. C., the following instructions pertaining thereto. These instructions published by authority may be considered as official:

PEDDLERS OF TOBACCO.

Any person who sells or offers to sell *and deliver* manufactured tobacco, snuff or cigars, traveling from place to place in town or through the country, is regarded as a peddler of tobacco.

Agents of manufacturers who take orders merely, or sell by samples, but do not deliver the goods, are not liable as peddlers.

The special taxes of pedders are graded according to their classification.

First class, traveling with more than two horses, mules or other animals,	$50
Second class, traveling with two horses, mules or other animals,	25
Third class, traveling with one horse, mule or other animal	15
Fourth class, traveling on foot or by public conveyance,	10

The act of June 6, 1872, requires that this tax shall be paid within thirty days after the passage of said act by all persons then engaged in peddling tobacco, &c., and thereafter on the first day of May of each succeeding year, or, if the liability is incurred subsequent to May 1, a proportionate part of the special tax for the balance of the year, reckoned from the first day of the month, when the liability commenced.

The person who actually travels on foot, by public conveyance, or with one or more horses, mules, or other animals, from placeto place,in the town or through the country, and sells and delivers the goods, whether he owns the wagon and team, and the tobacco, snuff or cigars, and sells the same on his own account, or is simply the employee of the manufacturer or other person who owns the goods and the team, or either of them, while he has no interest in the sales he effects beyond his stipulated wages, is the pedler, and will be required to furnish the statement, give the bond, pay the special tax, and perform the other duties required of peddlers.

PEDDLER'S STATEMENT.

By the act of June 6, 1872, it is made the duty of every pedler of tobacco, before commencing, or, if already commenced, before continuing, to peddle tobacco, to furnish to the collector of his district a statement (Form 25) giving the following particulars:

1. Place of residence; if in a city, the street and number.

2. The State or States through which he proposes to travel.

3. The mode of travel—on foot, by public conveyance, or with one, two, or more horses, mules, or other animals.

4. To state whose products he sells, whether his own manufactures or the manufactures of others, and if he sells for other parties, the name or names of the same.

PEDDLER'S BOND.

The act of June 6, 1872, makes it the duty of every peddler of tobacco, snuff, or cigars, to give a bond, (Form 111,) to be approved by the collector of his district, in the penal sum of two thousand dollars, to comply with all the conditions of the law in respect to the sale of tobacco, snuff, and cigars. Any person found peddling tobacco, snuff, or cigars, without having given bond, and without having obtained the collector's certificate, giving the name of the peddler, his residence, the class of his special tax receipt, and the facts of his having filed the bond required of him by law, is liable, on conviction, to be fined not less than one hundred dollars nor more than five hundred dollars. or imprisoned not less than six months nor more than one year, or both, at the discretion of the court.

PEDDLER REQUIRED TO HAVE HIS COLLECTOR'S CERTIFICATE.

Upon his furnishing the proper statement, filing the required bond, and paying his special tax, the collector is authorized to furnish to the peddler of tobacco a certificate, (Form 151,) which he will be required to exhibit on demand of any internal revenue officer. A failure on the part of any peddler to exhibit said collector's certificate on demand of a revenue officer, is made cause of seizure of the horse or mule, wagon, and contents, or pack, bundle, or basket of the person so refusing, and the assessor of the district where the seizure is made is authorized to direct a forfeiture of said property, and to issue his order to the collector of the district for the sale of the property, unless the owner shall, within ten days after legal notice has been given, show sufficient cause why such forfeiture shall not be directed.

PEDDLER'S SIGN.

Every peddler is required to have a sign affixed to his wagon, which must be in a conspicuous place, and upon the outside of the wagon, on which there must be painted, in oil colors, or gilded his name in full, his business, (peddler of tobacco,) and the collection district from which he obtained his certificate.

PEDDLERS CAN ONLY SELL IN ORIGINAL PACKAGES.

By the act of June 6, 1872, peddlers are not allowed to break packages of tobacco and retail therefrom, but all sales made by them of either tobacco, snuff, or cigars, must be in original and unbroken packages as the same were put up and prepared by the manufacturers thereof for sale or for removal for sale or consumption.

LIABILITES OF PEDDLERS.

A fine of not less than one hundred dollars nor more than five hundred dollars, or imprisonment for not less than six months nor more than one year, or both, at the discretion of the court, are imposed by the act of June 6, 1872, on conviction, upon a peddler who shall have committed either of the following offenses, viz:

1. Who shall be found peddling tobacco, snuff, or cigars without having given the bond, or without having previously obtained the collector's certificate.

2. Who shall break original packages and retail therefrom, or sell tobacco, snuff, or cigars otherwise than in original and full packages as put up by the manufacturer.

3. Who shall have in his possession any internal revenue stamp or stamps, which have been removed from any box or other package of tobacco, snuff, or cigars.

4. Who shall have in his possession any empty or partially emptied box or other package which has been used for tobacco, snuff, or cigars, the stamp or stamps on which have not been destroyed.

5. Or who shall fail to have affixed to his wagon in a conspicuous place, a sign with his name painted in full, his business and his collection district.

THE MEETING OF THE STOCKHOLDERS OF THE NORTH CAROLINA CENTRAL RAILROAD.—The meeting was called to order at 12 o'clock, at Metropolitan Hall.

On motion of Maj. James Sloan Wm. Murdock was called to the chair, and C. M. Crump and S. H. Wiley requested to act as Secretaries.

The Committee on Proxies reported 7,772 shares represented, 28 stockholders represented in person and 269 by proxy.

The temporary organization was on motion made permanent.

Mr. Welker presented his credentials as State proxy which were received.

The President of the road, Major W. A. Smith, read his report for the two years past, there having been no meeting last year.

On motion, the following Committee was appointed to whom the reports of officers should be referred: H. W. Fries, M. L. Holmes, W. E. Hill, W. T. Sutherlin.

A series of resolutions were offered by Maj. W. T. Sutherlin providing for the ratification of the lease of the road of to the Richmond and Danville Railroad Company.

Pending the discusion on the resolutions, participated in by Gov. Graham and Col. Buford, the meeting took a recess for an hour.

The meeting was called to order at 3 o'clock by the Chairman.

The discussion on Maj. Sutherlin's resolutions, resumed. Thos. H. Webb of Hillsboro opposed the resolutions in a speech at some length, in which he charged that the lease on the road was conceived in iniquity and brought forth in fraud, and furthermore reported that the President of the Road, Maj. W. A. Smith, had been charged with receiving a consideration for this lease, and he had never denied the charge, even when asked if he knew whether or not money had been received by him, by the Legislative Committee.

Maj. Smith replied denying the charge, using very bitter language towards Mr. Webb.

Messrs. Davis and Holt on the part of the directors, denied any fraud or corruption being used in making the lease.

The discussion continued between Messrs. Webb and Smith, in which personalities were freely indulged in.

The motion of Mr. Shaver to lay the resolution on the table, was lost.

The vote then recurring on the passage of the resolutions, they were adopted by a large majority.

Welker, the State proxy, in casting this vote as State proxy relieved himself of a few remarks.

Maj. Sutherlin, as Chairman of the Committee on the reports of officers submitted a report.

On motion the ballot was taken for the Board of Directors for the ensuing year, resulting in the election of J. L. Morehead, J. I. Shaver, T. M. Holt and Dr. R. B. Haywood.

The Chairman appointed the following gentlemen a committee of finance: D. A. Davis, Henderson Adams, P. B. Hawkins.

RECONSTRUCTION.—The thouroughly Radical "local" of the Newbern *Times*, is disgusted at the idea of the 4th of July not being celebrated in Raleigh, and says "We do not need reconstruction. Oh, no."

We answer, yes, and will have it in August and November. A reconstruction upon a basis that will win us over and not a *paper* reconstruction that attempts to force us into measures. When the government is decently and respectably governed by men that will reflect credit and honor upon it, instead of entailing shame and disgrace, then will gentlemen respect and observe its national days of rejoicing, &c.

REPAIRING.—Our readers will recollect some time ago we called attention to the bad street leading from the new Cemetery to camp Russell. We are happy to say the authorities have commenced work on this street by removing those immense large rocks which have been an eye-sore for these twenty years, and the street is to be widened 15 feet, which, when completed, will be one of the handsomest drives in the city.

PUBLIC SCHOOL.—The Public Shcool for white children in Western Ward will commence on Monday next. Mrs. Kate W. Edward, the teacher, will receive pupils for admission at her residence, on West Street, near Spark's foundry.

The New York "World" Accepts Greeley—The Tribune, &c.

NEW YORK, July 11.

The *World* says: "In the faithful fulfillment of the pledges which the *World* has constantly repeated since its great disappointment at the surprising nomination at Cincinnati, we bow to the decrees of the Democratic National Convention, and loyally accept Greeley as the Democratic candidate for President." It deprecates the abusing of Greeley Democrats, and says unless these can be won over, the campaign against Grant is utterly helpless. The great object is harmony and unanimity.

Reception of Greeley's Nomination in Alabama.

MONTGOMERY, July 11.

All the daily Democratic papers in Alabama have hoisted the Greeley ticket and the weeklies will do so at the earliest day. The white people are satisfied with the work of the Convention, but the negroes are sore on the subject. A negro speaker promised a whipping to any negro voting the Greeley ticket, and his hearers loudly applauded the sentiment. The incident indicates the general feeling among the colored men on the subject of Greeley's nomination.

MIDNIGHT DISPATCHES.

South Carolina Bonds.

NEW YORK, July 11.

An adjourned meeting of the South Carolina bondholders was held to-day. The object of the meeting was to take connected and immediate action to compel the payment of accrued and unpaid interest on bonds. The State meeting was much larger in numbers than the one previously held. Not less than $4,000,000 of bonds being represented. The following resolutions were presented:

Resolved, That a Committee of three persons, to consist of E. A. Quintard, E. B. Westy and A. A. Drake, be appointed to solicit the co-operation of owners and holders of bonds of the State of South Carolina, in an attempt to collect past due coupons, with authority to engage counsel to commence legal proceedings against the officers of the State or its legal financial board; also to raise funds by subscription, to promote such proceedings without delay.

Be it further resolved that all parties interested, be earnestly requested to assist said Committee, by as early subscription as possible. The substitute clothes, the Committee only with power to confer with bondholder, not here present and report the results at some future meeting, and further that the chair appoint a Committee, himself to be a member.

Substitute prevailed, the Committee was authorized to collect subscriptions for legal expenses.

On motion the Committee was further empowered to employ eminent counsel after which the meeting adjourned till Thursday.

The Appearance of the Caterpillars in South Carolina--The Charleston Press on Greeley.

CHARLESTON, July 11.

Trustworthy accounts have been received here of the appearance of first and second broods of caterpillars in cotton, along the coast. They are thinly scattered in every field. This is one week earlier than their appearance in the same sections in 1868, when they were exceedingly destructive. The planters entertain grave apprehensions that the present showery weather will develop them rapidly.

The *News* this morning, in noticing the Baltimore nominations, says: "Honesty and frankly, we declare our opinion, that in the action of the Baltimore Convention yesterday, is the remedy for every public trouble, the beginning of an era of unity of thought and purpose for these thirty millions of people at Baltimore, the diversions which promote the divisions and provoked secession were established. The same city should witness the clasping of hands, which marks the end of the hates and fears of war."

The *Courier* says: "The great enthusiasm for Mr. Greeley came first from the South, and at the South he will receive a support as earnest and enthusiastic as he will receive among his warmest friends at home."

The Earthquake in New York.

ERIE, July 11.

The shock of an earthquake was experienced in this vicinity about 5:30 A. M. to-day. The shock was distinctly felt at the residences of Messrs. Abbott and Luther, in Mathes, the families having been awaken from their slumbers, and also at the residence of J. M. Ives, in Erie, this house being severely shaken. The residence of Mr. Ashley, publisher of the *Journal*, at Port Chester, was likewise visibly rocked. At Greenville, Conn., the shock was also felt.

IS SWEPSON A DEMOCRAT?

The Radical stump speakers labor to prove that Swepson was a Democrat, and when they have succeeded in this, to their own satisfaction, think it a full answer to the facts that under Radical rule the Sate has been swindled out of millions of money and has been robbed of her credit and her honor.

The argument they use is substantially this: It is true that from the advent of Radical rule in this State in 1868 to 1870, there was an immense amount of fraud and corruption—it is true that the Legislature was the most corrupt body of men that ever assembled in North Carolina—it is true that they spent millions of money and bankrupted the State—it is true that Gov. Holden utterly disregarded the law, which he was sworn to support, and had men arrested and imprisoned contrary to all law, and that he made war upon the people at a cost of many thousand dollars, which was illegally paid out of the Public Treasury—it is true that the ignorant negro, the corrupt white natives and the thieving carpet-baggers in the Legislature of 1868, '69 and '70 authorized the issuing of bonds by the million for which they were paid by Littlefield, Swepson and others, and that all this has been lost to the State—it is true that under Radical rule the Legislature and Executive Department of the State Government were notoriously corrupt and the "Judiciary was exhausted;" all this is true; but then Swepson was a Democrat! Swepson bribed the ignorant Legislature!! Swepson deceived Holden!!!

Was Swepson a Democrat? Do eagles mate with buzzards or lions with wolves? Men are classed as Democrats or Radicals by the company they keep and by the votes they give. It is a curious sort of a Democrat that votes the Radical ticket, and gives money freely to Radical barbecues, pays Radical candidates to withdraw in favor of other Radicals, and is the trusted friend of Radical leaders. We have always understood that Swepson supported Holden. It is known he voted for Grant and Colfax in 1868. He was one among the largest contributors to the great mass meeting and barbecue which was had in this city in 1868, the time, we think, when Whitson ran away with all the collards, which gave him the name of "collards."

What Democrats would give Jas. H. Harris (colored,) $4,000 for services rendered the Radical party? This colored leader of Radicalism, swears (see Report of Fraud Commission, page 116,) to facts which show conclusively that Swepson was a Radical of the first position. When he was trying to get the pay which the Radical leaders had promised him for declining to be a candidate for Congress in 1868, Harris says: "It was suggested to me by some persons, whom I do not now recollect, but I think Deweese among them, to call upon Mr. Swepson as he could do more with them than any one, Deweese saying that he would do his part. I then called on Mr. Swepson, and had conversations at various times, he saying that it was nothing more than right that something should be done, and he would see what could be done. At last he told me he could do nothing unless he *assumed* it himself and told me to come into the bank some time when the leaders (Littlefield, Heaton, Deweese and others) were present, and he would see if he could get them to do anything. I did call when Littlefield, Deweese and others were present. Swepson then promised to give me $4,000, saying that he would make these *fellows* come up, but that he would be responsible to me for that sum." A pretty eagle among the buzzards! A pretty Democrat to give $4,000 to negro Jim Harris for having withdrawn as a candidate for Congress in favor of the well 'known swindler, John Thief Deweese.

By the way, this man James H. Harris, who is one of the leaders of the Radical party, and who furnishes much of its brains and *character* too, used to get very angry, when charged with having received money for withdrawing his name as a candidate for Congress in 1868. Many colored people will remember having heard him declare with great energy, that the man who said he ever received pay "was a liar." What will these colored people think when informed that this same man, on the 25th day of September 1871, swore as follows: (See Fraud Com. Report, page 524.)

"Question. Did you receive any money from John T. Deweese? If so, how much, at what time and what was the consideration?

Answer. I received $1,000. I do not exactly remember, but think it was some time in the Spring of 1869, or perhaps in the latter part of the winter of that year. It was shortly before I received the note for $4,000 from Swepson. I understood this was the proportion of Deweese in the purse to be made up to me *in consideration of my having withdrawn my name as a candidate for Congress*, and for services rendered the party as heretofore stated."

It will be remembered that Governor Holden, just as his Radical administration was being inaugurated, stated that the republicans would be responsible for its success—that it should be administered in all its departments by its friends—"that not a crumb of patronage should be received by those who did not support the administration," and much more of the same sort. Well, Gov. Holden procured Swepson to be made President of the W. N. C. R. R., and writing to him Oct. 6th, 1868, (Report Fraud Commission, page 336) says: "*My dear Mr. Swepson:*

Enclosed please find commission for three proxies, &c.," and after expressing confidence in his judgement and making a suggestion about the management of the Road, winds up thus: "A. H. Jones and Mr. Gahagan are good judges in this matter. My regards to friends. Hoping to see you soon, I am *truly your friend*,

[Signed.] W. W. HOLDEN.

If Swepson was a Democrat, there was a very undemocratic *smell* about him which attracted those Radical thieves. If he was an eagle he had, a capital taste for vultures and buzzards.

But Swepson was no Democrat. He held no official position confided to him by the Democratic party, and what he did was no justification, excuse or extenuation of the wholesale roguery of the Radical Legislature and of Radical officials.

Gov. Holden announced boldly, definitely and boastingly in 1868, that the inauguration of the new government was confided to its friends—that the Republican party was responsible for its success, and that no unfriendly hands should have anything to do with it. If they had succeeded, we cheerfully concede that the Republican party would have been entitled to the credit, but they have failed in every department. They have bankrupted the State and degraded her—the Legislature was a confessed failure—the Executive was convicted and deposed—the Judiciary has lost its high character—rogues and swindlers abounded until the credit of the State has become a by word of reproach. They have failed and are responsible for the failure, and yet this party, reeking with corruption, confessing its failure, has the shameless effrontery to ask the people again to put it into power!

Swepson was no Democrat in 1868. He supported Holden's Administration. He voted for Grant and Colfax.

POOL'S DUPLICITY.

"For the Carolina Era.

[CORRESPONDENCE.]

RALEIGH, July 9, 1872.

Editor of the Era:

DEAR SIR—I was surprised to see in the newspapers this morning, a card signed by A. S. Merrimon, when an unfinished correspondence at his instance was progressing between us on the subject involved.

His attempted substitution of an *ex parte* card in place of the correspondence, compels me, for the first time in my life, to allow my private matters with others to go before the public.

This attempt of Mr. Merrimon to deny me a hearing is the more noticeable because as it now appears, he sought the correspondence with the intent to make publication.

Why his original intent was changed, may be explained by the correspondence itself.

I place it at your disposal.

Truly your friend,

JOHN POOL."

The above, prefacing certain letters that have passed between Judge Merrimon and Senator Pool with reference to the circulation of a libelous, but anonymous document, under Mr. Pool's Congressional frank, appeared in the *Era* of the 11th inst.

Mr. Pool confesses that the correspondence is unfinished, and yet he makes publication of it!

In this we conceive that Senator Pool has violated that Code which persons moving among gentlemen usually acknowledge as the rule of their action in such matters. Such conduct is grossly improper—entirely reprehensible—Senator Pool can find no precedent for the course he has allowed himself to pursue.

He has chosen to publish the correspondence before the ink on his last letter was well dried—and at a time when he knew that Judge Merrimon had not received it!

He did so apparently because that letter contained unwarranted insinuations, which he was satisfied Judge Merrimon would properly denounce in his answer.

He therefore attempts to steal a march on his adversary, and to forestall public opinion by sending out his false inuendoes before Judge Merrimon could answer him.

This, however, is in keeping with Pool's entire action. The man who can commend a pirate to a Governor as a proper person to *lose* prominent Conservatives, who can circulate a "rehash of newspaper articles," which he knew were base falsehoods, for the purpose of defaming an honorable and high-toned gentleman, is certainly not above resorting to any little meanness *such 'as publishing a correspondence before it is finished.*

But his prefatory remarks are liable to further stricture, and must not escape observation.

The card of Judge Merrimon was published in our evening edition of the 8th inst. Mr. Pool's letter was still under his control of 9 o'clock on the morning of the 9th. It is but reasonable to presume that Mr. Pool had read Judge Merrimon's card before he wrote the letter, and that he wrote the letter with the design of publishing it in hot haste before Judge Merrimon could by reply characterize its base insinuations as utterly false.

Again he affects surprise at the appearance of the card on the 8th, whereas Judge Merrimon had informed him on the 6th inst., that "It is my duty to denounce this paper, and I shall at once do so in strong terms."

Again he claims that the appearance of the card surprised him because "an unfinished correspondence was progressing," and he charges that Judge Merrimon attempted to "substitute an exparte card in place of the correspondence."

No man can say with truth that the card at all affects the correspondence.

The only reference made in the card to Mr. Pool, is that the libelous document was sent out under his frank—and that Pool says "it was so sent with his knowledge and consent, but that it is only a rehash of newspaper articles." And Merrimon adds that he intends to give Mr. Pool the opportunity of making the charges good—by bringing a suit against him reserving to himself the right to take *any other steps that may be proper.* The card on the whole is a mere denunciation of an infamous document. The fact that a correspondence was progressing between the parties does not appear at all in the card—and although Pool with his accustomed effrontery says that Judge Merrimon sought the correspondence with the intent to make publication, yet no reference is made in the card to the correspondence!

We asked Judge Merrimon to furnish us the correspondence for publication just prior to his departure from the city to fill his appointments—and he declined, remarking, "At present the correspondence is not finished."

Judge Merrimon is absent from the city, but on his return, we doubt not, will answer Mr. Pool as he deserves.

We have no space to day for the correspondence, but will endeavor to publish it in full to-morrow.

THE RECONSTRUCTED FARMER.

This agricultural monthly, which has been hitherto published in Tarboro, will hereafter be published in the NEWS office, with its headquarters in Raleigh. It will still, however be under the editorial management of Capt. James T. Thigpen.

The July number will be out in a few days, an unavoidable delay having been occasioned in its removal to this place, and as soon as possible it is intended to make many improvements in its appearance as well as in its general management.

All letters on business in connection with the *Farmer* should be addressed to the "Publishers of the *Reconstructed Farmer*, Raleigh, N. C."

RETURNED TO RICHMOND.

The Richmond (Va.) *Enquirer*, of Wednesday, thus speaks of the return to that city of Col. Hotchkiss, the leader of the late Southern excursionists:

"We had the pleasure of greeting Colonel Hotchkiss yesterday in the *Enquirer* office. He called to report his safe return from the recent successful campaign through the North with the Southern editors. The Colonel gives a good account of the expedition, and speaks not only in the highest terms of the reception and treatment of our folks by Northern brethren, but is enthusiastic in his praises of the excellent deportment of those under his charge. They fought it out like brave soldiers, and not one turned his back upon a single banquet, or fell under the table at its conclusion. Even the Boston Jubilee did not overcome them. We are glad to hear so good a report. We welcome them home and say, 'well done, good and faithful servants.'"

THE STATE ELECTION VIEWED FROM OUTSIDE.

The last number of the Danville (Va.) *Register*, alluding to the contest now pending in this State, and to the efforts being made by the Radicals to carry it, says:

"But they will fail. A hundred Wilsons and Boutwells would not carry the State for the Radicals in August. Vance, and Barringer, and Merrimon, and Scales, and Graham and a host of other distinguished sons of the Old North State will be entirely able to defend and protect her against the wiles and machinations of these foreign importations. The canvass is a warm one, the people are getting aroused in every county in the State, and there is every reason to believe the Conservative ticket will be triumphantly elected."

Tom Scott, it is said, has invested $150,000 in saw mills at Apalachicola, Florida, to get out cross-ties from cypress and juniper, which will be chemicalized in some way to be rendered fireproof, and used on the Southern Pacific railroad.

GREAT MASS MEETING IN RALEIGH.

We are requested to state that there will be a grand mass meeting in Raleigh, on Tuesday, July the 16th, of Conservatives, Democrats and Liberal Republicans, which will be addressed by distinguished speakers from all parts of the country.

Hon. Carl Schurz, Senator Trumbull, Gen. Francis P. Blair, Gov. Walker, of Virginia, and other eminent orators have been invited, and are expected to be present.

It is desired to make this affair one of the most imposing demonstrations that has ever been held in North Carolina.

MEETING OF LIBERAL REPUBLICANS.

It will be seen from the notice of W. S. Mason, Chairman of the Liberal Republican Executive Committee, published in our advertising columns, that a meeting of Liberal Republicans will be held in this city on the 16th inst., to organize for the Presidential campaign.

WE CALL THE ATTENTION OF THE DEMOCRATIC PRESS OF THE STATE TO THE NOTICE IN OUR PAPER OVER THE STATE TICKET, AT THE HEAD OF OUR EDITORIAL COLUMNS.

TO THE LIBERAL REPUBLICANS OF NORTH CAROLINA.

A Convention of Liberal Republicans of this State will be held in this city on 16th inst., to confer and adopt such measures as will best conduce to the maintenance of the Platform of principles, set forth by the Cincinnati Convention, and to the election of its nominees, Horace Greeley for President and B. Gratz Brown for Vice-President.

Not yet fully organized, it is believed we are numerous enough to give victory to the approaching contest, if we are true to the issues we have raised—the issues of Peace, Honesty and a higher political aim.

The signs of a powerful corporation are of sufficient magnitude to justify the expectation that an unprecedented triumph will be achieved.

Though this notice has been unavoidably postponed, it is desired that as full attendance as possible may be had.

SPECIAL NOTICES.

TO THE SUFFERING.—The Rev. William R. Norton, while residing in Brazil as a Missionary, discovered in that land of medicines a remedy for CONSUMPTION SCROFULA, SORE THROAT, COUGHS, COLDS ASTHMA AND NERVOUS WEAKNESS. This remedy has cured myself after all other medicines had failed.

Wishing to benefit the suffering, I will send the recipe for preparing and using this remedy to all who desire it FREE OF CHARGE.

Please send an envelope, with your name and address on it. Address,

REV. WILLIAM H. NORTON,

THE HISTORY OF A NATIONAL REMEDY.—Here is the history of the most celebrated tonic of the age, in a nutshell. In 1860, it was announced that a certain combination of vegetable ingredients, with a pure diffusive stimulant, was working wonders in the cure of dyspepsia, nervous debility, liver complaint, periodical fevers, rheumatism and constitutional weakness. The unprecedented praise given to the specific was PLANTATION BITTERS. The statement attracted the attention of invalids everywhere. The new remedy received a fair trial, and the results more than confirmed all that had been said in its praise. Thenceforward it was a grand success. The business columns of the press spread the glorious news far and wide, and the martyrs to indigestion, biliousness, physical prostration and premature decay, as if by common consent, sought relief from the new vegetable restorative. They found what they sought. From that time to the present the increase in the demand for Plantation Bitters has been one of the most striking events in this age.

For Coughs, Bronchitis and Consumption, in its early stages, nothing equals Dr. Pierce's Golden Medical Discovery.

DR. TUTT'S PILLS is a purely vegetable concentration for keeping the Bowels in natural motion and cleansing the system of all impurities, and a positive cure for Constipation. They restore the diseased Liver, Stomach and Kidneys, to a healthful action, while at the same time they brace and invigorate the whole system.

ROME, GA., January 11, 1871.

DR. WM. H. TUTT:

Dear Sir—Having used your Liver Pills and finding none that have done my wife or myself as much good, I would like to know if they would do as well North as here. I intend going North in March, and if they will have the same effect as in this climate, I want to take them oh with me. Hoping to hear from you soon,

I remain, your obed't servant,
HENRY A. HILLS.

Dr. Tutt's Hair Dye does not Stain the Linen

A Pitiful Condition.

It is a sad thing to pass through life only half alive. Yet there are thousands whose habitual condition is one of languor and debility. They complain of no specific disease; they suffer no positive pain; but they have no relish for anything which affords mental or sensuous pleasure. In nine cases out of ten this state of lassitude and torpor arises from a morbid stomach. Indigestion destroys the energy of both mind and body. When the waste of nature is not supplied by a due and regular assimilation of the food, every organ is starved, every function interrupted.

Now, what does common sense suggest under these circumstances of depression? The system needs rousing and strengthening; not merely for an hour or two, to sink afterward into a more pitiable condition than ever (as it assuredly would do if an ordinary alcoholic stimulant were resorted to,) but radically and permanently.

How is this desirable object to be accomplished? The answer to this question, founded on the unvarying experience of a quarter of a century, is easily given. Infuse new vigor into the digestive organs by a course of Hostetter's Stomach Bitters. Do not waste time by administering temporary remedies, but wake the system up by recuperating the fountain-head of physical strength and energy, the great organ upon which all the other organs depend for their nurture and support.

By the time that a dozen doses of the great vegetable tonic and invigorant have been taken, the feeble frame of the dyspeptic will begin to feel its benign influence. Appetite will be created, and with appetite the capacity to digest what it craves. Persevere until the cure is complete—until healthful blood, fit to be the material of flesh and muscle, bone and nerve and brain, flows through the channels of circulation, instead of the watery pabulum with which they have heretofore been imperfectly nourished. june 12-1m

STATE MATTERS.

☞ Our friends throughout the State will place us under obligations if they will furnish us with any items of news that may transpire in their respective sections, as we desire to make this department specially full.

HEAVY rains are reported in all sections of the East.

THE autumnal session of the Goldsboro Female College commences on the first Monday in August.

THE last number of the Salisbury *Tribune* contains large sized portraits of Horace Greeley and B. Gratz Brown.

THE campaign in the West is progressing with vigor. We hear the most encouraging accounts from every section of the West.

THE Rads in the Cape Fear section are not moving on very harmoniously—a Bolters' Convention was held in Wilmington on Wednesday.

THE Lee Seminary at Enfield, under the tutorship of Mr. J. A. Harrell, will have declamatory and examination exercises on the 19th inst.

EDWARD CONIGLAND, ESQ., is canvassing the county of Halifax in the interest of the State ticket. Mr. Conigland is one of the most vigorous workers in the State.

MR. JOHN EDDINS and his wife, residents of Cabarrus county, were killed by lightning on Sunday last. The lightning came down the chimney and tore up the floor of the house.

A NEGRO man attempted rape on a respectable white woman near Margarettsville a few days since, but made good his escape on the approach of the woman's husband. The fiend is still at large.

A dispatch from New York says there is a movement on foot there to start a first-class Liberal-Democratic daily in that city, abundantly stocked with money, to be put in charge of a Southern journalist.

LABOR in the East is scarce and high. The negroes, in consequence of the low price of provisions, do not care to work more than two or three days in the week. We hear heavy complaints from the farming communities.

THE Durham *Tobacco Plant* says that the wheat crop on Flat river is better than it has been for years. The fruit trees in the same section are ladened with fruit, and promises the largest crop that has ripened for some time.

A CORRESPONDENT to the NEWS from Whitesville, says that the speech of Gov. Vance at that place, on Saturday last, was a powerful effort. He gave entire satisfaction to the large crowd in attendance, and thoroughly aroused the people to a sense of their duty.

A NEGRO man was killed between Greensboro and Danville, Va., a few nights since, by attempting to steal a ride on the truck of a railroad car. It is said that he had thus ridden many times before, but on this occasion he was caught by the wheels and crushed.

WE regret to learn that the crops in Wayne and Johnston counties are being seriously damaged by the late wet weather. The grass has gotten ahead of the labor, and the efforts of the farmers to capture it prove almost futile. The peach crop will prove almost an entire failure, although the prospect had been good—the peaches have been rotted by the wet weather.

PAINFUL ACCIDENT.—We learn from the Salem, (Va.) *Times*, that a few days ago a son of Hon. H. A. Edmundson, of Big Spring, met with quite a painful accident. He was hauling hay, when the wagon upset and he fell on a fork, penetrating his side through and through. Had it not been a broken fork it would no doubt have killed him. As it was the middle prongs were broken out, which prevented more than one entering his body. He is, we learn, doing well, and hopes are entertained that he will soon be out again.

Two men were recently drowned at Beakerville Point, New York, while under the inflence of liquor. The keeper of a liquor shop at Beakerville Point was arrested on a charge of selling liquor without a license, and of furnishing the unfortunate men with the liquor, but he made his escape into Pennsylvania.

Martin Whitelock, a young white man, a resident of Norfolk, Va., died in that place on Wednesday morning from the effects of a heavy dose of laudanum administered by himself. A woman is said to have been at the bottom of the matter.

Judge McCunn, who has recently been impeached and deposed by the New York Senate for malfeasance in office, was so hurt by the disgrace that he died of a broken heart a few days after. Such a death for such a cause should go far to redeem his character.

Two editors in West Virginia recently had a pistol rencontre, meeting on the street by appointment, at 4 o'clock in the morning. Several shots were fired when the parties closed in a hand-to-hand struggle. Some of the pistol shots took effect.

It is now rumored that Doctor Livingstone has married an African Princess, and that he does not desire to return to the civilized lands he left behind him. If the first part of this report is true, the second ought to be.

The Burger Family Swiss Bell Ringers and Sol. Smith Russell are reported as doing an excellent business in the interior towns of the Pacific Slope. At last account they were en route to Salt Lake.

The Texas Pacific railway is to be 1,515 miles in length. For two hundred and fifty miles the road is to be on an air-line, and in a stretch of eight hundred and fifteen miles, there will be but six bridges.

A dispatch from London says the Queen and members of the royal family viewed the pictures of Bradford, the American painter, at Windsor, on the 4th, and congratulated the artist on the pleasure his works had given them.

The "strikes" in the North have virtually ended, the strikers generally yielding.

From Our Traveling Correspondent.

ALL ABOUT, July 8th, 1872.

Editors Daily News:

Some few days ago, I left your beautiful city, and that elegant hotel, the Yarborough House, and its prince of landlords, and wended my way to the quiet little village of Cary, at the junction of the North Carolina and Chatham Railroads, where I spent a few hours most pleasantly among its industrious and hospitable citizens. Its location, female school, health, and especially the high moral tone of its inhabitants bespeak for it rapid expansion and sure prosperity. From thence, I taxed both railroad and beast to me, via Lockville, to the old town of Pittsboro, in the county of Chatham. I regret to say that it presents quite an ancient appearance, but it is, nevertheless, embalmed in my memory by the many happy hours spent in it in the days that are past and gone. In looking around upon its much changed and altered appearance, and beholding the waste and ravages of time and sore misfortunes, I could but sigh, and pray for a return of the happy hours once enjoyed there. 'Twas sad to miss so many old friends and once familiar faces; but there is life and soul, intelligence and refinement in the old place yet. With a good hotel, a good female school, prosperous and popular merchants, and a generous and cultivated population, I can but hope and predict for old Pittsboro, a bright, happy and prosperous future. From this point to Lockville, the lands are generally thin, rocky and rolling, yet I was pleased to find the farms well cultivated, and the growing crops promising a rich return for husbandmen's labor.

At the latter place I was most hospitably entertained by Mr. C. Cotten, in the residence once the headquarters of Lord Cornwallis, and the spot was pointed out to me from which that famous old patriot Reddle, with deadly aim, sent many of the troops of the said Lord, while bathing in the river near by, to a watery grave. At this point, canal and steam-boat stock is rising; and surely with its water power, sufficient to turn the spindles of a Manchester, its railroads, factories, mills, mineral, ores and back country, Lockville is destined to be the controlling trade and manufacturing point between Raleigh and Fayetteville. From the latter place, I took a flying trip to Egypt, ten miles West on the same river, and regretted to find that operations in the coal-pits proper, had ceased altogether, not for the want of coal however, for the supply is considered inexhaustible. This fact accounts for more or less despondency on the part of the merchants in the heretofore thrifty little town above mentioned. The uplands from this point to Fayetteville are generally thin and not considered valuable for farming purposes. On them the crops are poor and late, but this is fully made up by the lumber and turpentine trade. Jonesboro on the Western, and Sanford at the junction of the Western and Chatham Railroads, are comparatively new places, and as yet have but few business houses, but judging from the high price of lots, their citizens anticipate for them huge dimensions in the future. Within a radius of ten miles of Jonesboro thousands of barrels of turpentine rosin, and spirits of turpentine are made daily, thereby placing thousands of dollars daily in circulation, in that country. I would most respectfully suggest to the citizens of these two places the building of churches and academies. Without them there can be no pernament prosperity. Politics are beginning to engage the attention of all classes of persons, and you find almost every one you meet making anxious enquiries about the probable success of Greeley and Brown.

I have in the past engaged much in politics, and have seen in the past much interested manifest in the elections; but never before, have I met with a people more out-spoken in every expression to their political sentiments and convictions and more determined to restore in the coming elections our State and federal governments to their former purity. In travelling through the various portions of North Carolina, and conversing with her intelligent population, I think I am capable of forming a pretty correct opinion as to her political status, and I can frankly say, that from all the indications, North Carolina will vote overwhelmingly for Greeley and Brown, and elect Judge Merrimon by at least 25,000 majority. At Pittsboro I did not find the Greeley fever as high as at other points; but where he will lose one Conservative vote, he will gain ten Republicans. Let us hope, Mr. Editors, that the light of a brighter and happier future is breaking in upon us with healing in its wings, and that in the coming elections, the wisdom, intelligence and sad experience of our good people will avail us in securing to North Carolina the blessings of freedom and good government. More anon.

WILCUMA.

A CARD.

To The people of North Carolina:

In view of the approaching election, and my present relation to them, I deem it worth while to inform the people that my attention has been called to a scurrilous and libelous paper, extensively circulated in this State, entitled "*Read And Circulate.*"

This paper is anonymous, and does not purport to have the sanction of any Editor, Publisher, political Committee or any body, but it is sent to the people under the Congressional frank of Hon. John Pool United States Senator.

It appropriately makes its first appearance in an obscure weekly paper, published in Washington City, called the "*National New Era*," edited by a negro named Fred Douglass.

The circular is infamously false, scandalous, and criminal. It imputes to me and other gentlemen, some on and others off the Democratic Conservative ticket for this State, the most infamous crimes against society and individuals, and it is so false, wanton and criminal, that it is not surprising that it is sent out to accomplish what evil it may without apparent sanction of, or attaching amenability to, any one.

It is so monstrously false and scandalous that I was amazed to learn that it was sent out to the people under the frank of Mr. Pool, and I therefore enquired of him, by letter, if it was so sent with his knowledge and consent. He informed me it was, but says it was a "rehash of newspaper articles." It is indeed a "rehash" made up in such an artful way as to charge in terms, by suggestion, artful argumentation, and *innuendo* against me and others, the most disreputable crimes and conduct against the people and State; and it illustrates a species of desperate and disreputable partizan warfare that can not be tolerated, much less justified, among a civilized people; nor do I believe the people of this State of any political party will do so.

So far as I am informed the Radical papers of the State, fruitful as they have been of misrepresentation and falsehood have not republished it.

I deem it due to the people and myself to say for the benefit of any such as might be misled by it, that in so far as it refers to myself the paper is in every material respect absolutely FALSE, SCANDALOUS, AND LIBELOUS, and I believe it is so in reference to the other gentlemen assailed.

In vindication of myself against this wanton attack, it is my purpose to bring suit against Pool, in the Superior Court of Wake, reserving to myself to take such other steps in the future as may be deemed proper.

I am more than willing that the truth shall be ascertained by a judicial tribunal for the better satisfaction of the public, and to the end, that professional politicians may learn that they cannot assail innocent men in such a savage way with impunity, I will give Mr. Pool the opportunity to make good the charges in the anonymous paper, if he can do so.

It has been suggested that such publications are legitimate in political contests like the present. This may be so according to the code of morals of a class of desperate political adventurers, but it is not so, in my judgment, among gentlemen, or a civilized and virtuous community. Nor do I believe the people of North Carolina of any party will endorse such shameless and groundless assaults upon innocent men, because they happen to be put forward by hundreds of their fellow-men for high, responsible and honorable offices.

The paper referred to is a base and criminal prostitution of the freedom of the press to accomplish the baser purposes of deceiving and misleading the popular mind. This good and patriotic men will not do, and the people of all classes may well distrust those who attempt it. A. S. MERRIMON.

There is an Overseer's house, three cabins, corn-crib and stables on the premises. About one-fourth (¼) of the tract is in original growth of oak, hickory, &c., one-fifth in second growth pines. The soil is sandy, loam and chocolate—surface undulating—well watered, and about 80 acres of rich bottom land. It yields excellent crops of corn, tobacco, wheat, oats, clover, &c. SPECIAL FEATURES AND ADVANTAGES.

1st. No restriction on Residence or Travel.

2d. No extra charge on lives of Females.

3d. Policies incontestable after Five Years

4th. The rates of Interest on the Funds of the Company are higher than those on the Funds of Companies located in other States, thus insuring larger Dividends to Policy Holders.

5th. The Directors and Officers of the Company are prominent NORTH CAROLINIANS, who are KNOWN to be men of INTEGRITY and WORTH.

6th. The Company is established on a solid and permanent basis, steps having been taken to increase the Capital Stock to $500,000.

7th. ALL THE FUNDS OF THE COMPANY ARE INVESTED IN THIS STATE AND CIRCULATED AMONG OUR OWN PEOPLE. This fact should commend the Company, above all others, to North Carolinians. It is well known that hundreds of thousands of Dollars in Life Premeums are annually sent North to enrich Northern Capitalists, thus continually draining our people of immense amounts which should be kept at home. On this ground the friends of this Company confidently appeal to every son of the Old North State, and ask their support for this HOME INSTITUTION, which, while it offers substantially all the advantages of Northern Companies, helps to build up HOME INTERESTS.

FRIDAY.....JULY 12, 1872.

THE PRACTICAL LOVER.

I did not purchase for my bride
Rich jeweled rings and costly fans
But what I thought would be her pride—
A set complete of pots and pans.

I would not win sweet Jennie's love
By golden gifts of magic power;
If she a proper wife should prove
She would prefer some bags of flour.

I did not play with Jennie's heart
Nor try to fix it were it fickle,
But sent mistrusting modern art,
A side of pork for her to pickle.

I did not give her rubies red,
To lend her raven hair relief,
But what would charm when we were wed—
A good supply of potted beef.

I did not wanton with her love,
That pined to nestle on my breast,
Just like a drooping, tired dove,
But sent a couch where it could rest.

I did not, when the moon was bright,
Take Jennie out for tranquil walks;
But took her—what would more delight—
A dozen each of knives and forks.

I did not send her flowers bright,
Whose brightness, ah, so quickly wanes,
But sent her, in the darkest night,
A set of sheets and counterpanes.

And so at last our little store
Would furnish well an invited cot,
But then—I should have said before—
She jilted me, and kept the lot.

WATSON'S & CLARK'S

HIGH GRADE

Super-Phosphate of Lime.

Composed entirely of the Charleston Bone Phosphate, Sulphuric Acid and Ammonia. Warranted to analyse seven per cent. of Soluble Phosphoric Acid and one per cent. of Ammonia.

We are prepared to offer this reliable and superior Super-phosphate—after a test of more than five years in the cotton growing states of South Carolina, Georgia and Alabama, where its record is second to none other manufactured—not excepting Peruvian Guano and Pure Ground Bone, (having a better record for cotton than those)—to Planters and Dealers—in any quantity—at any railroad depot in the State, or at the factory, upon satisfactory terms.

Price per ton, delivered at any station on the Raleigh and Gaston Railroad east of Henderson, or on the Wilmington and Weldon road north of Rocky Mount, for $55 cash.

Put up in bags—very stout—for immediate use—or in good barrels—which we recommend as better, owing to the high grade of the article as ordered. Circulars and testimonials furnished upon application. All orders and communications addressed to
